

FRESSINGFIELD BELL RINGERS

April 2021

As with many other activities over the past year, bell ringing has been at a complete standstill, and because it takes place in the confines of the belfry and the need to handle ropes it will be one of the last things to be free of covid restrictions.

The band of ringers that we have are all raring to go as soon as we get the all clear, so if any ringers have moved in to the village, or anyone would like to learn please feel free to come and join us as soon as you hear the traditional sound of village bells ringing.
