

Fressingfield Craft Club

During lockdown, some members have arranged socially distanced meetings of 6 (when allowed) These have helped ladies who live alone so they are not so isolated. Members have been making face masks and scrubs, also fingerless mittens for the school. Hopefully when we come out of lockdown, the Group is proposing to hold an exhibition "Memories". This will involve items of sewing which have been handed down the generations, a display of members' wedding dresses and items made by members during lockdown.

Our activities for 2021 will largely depend on Government guidelines and we very much hope we can resume meeting in the Sancroft Hall on a Monday morning, where we offer a friendly and cheerful environment plus a cup of coffee and possibly a cake or a biscuit! We hope to begin meeting in numbers of 6 again in members' gardens soon – naturally we will be hoping for some warm sunny weather.

Jill Blyth. April 2021
