

Report from Fressingfield Sports & Social Club.

For Annual Parish Meeting

The club has been closed for most of the year, except for 2 weeks in September we had to close again as we were informed the members should wear face coverings whilst in the premises this was seen as unworkable.

We are looking forward to being able open in the not to distant future, the sections that use the club are keen to get going again.

I have been keeping a check that the club house in good order, and no harm or damage has occurred.

Roger Cufley

Chairman FS&SC
