

Clerk and RFO combined report to the full council meeting on 15/02/22

I have done little additional work this month (handling emails and phone calls) other than

1. prepare for the finance committee last week. The bulk of this was to make the annual governance and accountability review (AGAR) statements more comprehensible and applicable to Fressingfield's circumstances, and to update the risk assessment.
2. Preparing for the meeting held on 02/02/22
3. Writing the draft response to the email received by all councillors.
4. Drafting the revision of the complaints policy

All these items will be discussed during the meeting.
